Prototype Artwork Shown actual graphics may vary

Order NOW – First Come – First Served

The Headless Horseman, Ichabod Crane, and Sleepy Hollow are all terms that just scream Halloween. This car has different graphics and different door colors on each side so it actually looks like 2 different cars. Order 2 cars so you can run/display the cars with one set of graphics showing on one car and flip the other car around so the other side graphics show on the other car. This 100% Lionel made and decorated 6-58057 box car is molded, decorated, and assembled in the USA. The car features a stamped metal frame, metal brake wheel and die-cast sprung trucks. You can also order online and pay with your credit card or Paypal. Go to www.METCA.org

Available exclusively from METCA Division.

Only orders received by March 30, 2018 can be guaranteed. Quantity may be limited to 100 cars.

First Come-First Served. **Only limited quantities will be made.** Order early, avoid disappointment.

All checks or money orders must be in U.S. funds. Make checks payable to METCA.
