

# Never Offered Before in O Gauge

## Not your normal Lehigh Valley NS Heritage ES44

### Lehigh Valley Norfolk Southern Heritage LEGACY ES44 "Day One" Scheme

Norfolk Southern painted ES44 #8104 in the Lehigh Valley Heritage paint scheme in early 2012. About 6 weeks later, they repainted the front and rear ends into the current scheme. The current scheme has been offered by nearly every manufacturer with ES44 tooling. But the ORIGINAL scheme has never been made before in O gauge .... Until now!
