These Lionel 8k Tank Cars are scale, but also look right at home on a traditional sized layout/collection due to their diminutive size. The Conoco car features the iconic, bold, simple, CONOCO uppercase text across the body and is representative of the hundreds of similarly decorated cars of the Conoco Oil Company from the western United States (but right at home on an eastern themed layout as well). The Mangels, Herold Co. Inc. a syrup manufacturer based in Baltimore, Maryland first produced their famous "King Syrup" in 1901, a corn and sugar combination. Often used to accompany pancakes, waffles, and other breakfast items across the United States as "America's Finest Table Syrup"!

While made in other gauges, this is the **FIRST TIME** being produced in O Gauge. Order either car individually or order the set and save \$\$\$. You can also order online and pay with your credit card or PayPal. Go to [www.METCA.org](http://www.METCA.org)

Available exclusively from METCA Division.

Fixed quantity being made. First Come, First Served. Production quantity already determined.

First Come-First Served. **Only limited quantities will be made.** Order early, avoid disappointment.

All checks or money orders must be in U.S. funds. Make checks payable to METCA.
