Order NOW – Limited Time Offering

Union Pacific 4141 is an EMD SD70Ac diesel locomotive painted in honor of George H. W. Bush, the 41st President of the United States. Its paint scheme is based on that of Air Force One, with lettering reading "George Bush 41". This locomotive has been modelled by nearly every model train manufacturer. There is also numerous pieces of rolling stock (box cars, etc.) made to match the locomotives, but no tank cars ... UNTIL NOW. This tank car is the perfect companion to your Bush 4141 locomotive, regardless of which manufacturer made your loco. Car features diecast trucks, metal underframe, and all of the standard Lionel features that are included in Lionel's regular unibody tankers.
