

# COORS LionScale Reefer Order Form

Metropolitan Division TCA

Prototype Artwork Shown  
actual graphics may vary

Coors Golden Beer is brewed with pure Rocky Mountain spring water giving it its famous unique taste. The Golden Brewery is the world's largest single-site brewery complex in the world. German immigrant Adolf Coors came to the United States in 1868 and began brewing beer in Golden, Colorado in 1873. Golden has been the home to the brewery ever since, even during prohibition when the facility turned out a variety of other products. As a result, at the end of prohibition, it was one of the few breweries remaining in the USA. These 100% Lionel made and decorated cars are molded, decorated, and assembled in the USA with die-cast metal trucks. To order online go to [www.METCA.org](http://www.METCA.org)

Available exclusively from METCA Division.

→ Only 50 of each road number are being made. First Come – First Served ←

First Come-First Served. **Only limited quantities will be made.** Order early, avoid disappointment.

All checks or money orders must be in U.S. funds. **Make checks payable to METCA.**
